

To Whom It May Concern:

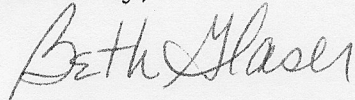

For the past four years, I have had the pleasure of working with Miss Andrea Shaffer at Slippery Rock Giant Eagle in Pennsylvania. Andrea is currently employed as a front end supervisor.

Andrea is an invaluable employee. She practices excellent communication skills on a regular basis; she solves customer concerns as quickly and efficiently as possible. Andrea is extremely organized and maintains both consistent and accurate company records. Her professionalism and ability to manage a safe and efficient work environment is impeccable.

As a future teacher, Andrea exhibits qualities that any school would be honored to acquire. Andrea uses educational techniques to help train new cashiers and customer service clerks; she has even taught her co-workers how to use new computer software programs to increase company efficiency! She is always willing to work on any project assigned to her, such as designing eye-catching posters to increase store sales. Andrea is quick to volunteer in any other area if needed and is a natural leader.

Andrea would be a tremendous asset for any school and has my highest recommendation. If you have any further questions with regard to her qualifications, please do not hesitate to call me.

Sincerely,

Beth Glaser
